Dear Friends of OTM,

WHAT HAPPENED TO SPRING? I cannot believe that summer is right around the corner. Anna and I have been very busy overseas most of the spring. April and May just zoomed by. Time *does* fly! **In April** we spent four weeks teaching pastors in the **Middle East**. Great things are happening for the cause of Christ in **Lebanon** and **Jordan**. Some of our students come from neighboring countries such as **Israel** and **Syria**. In every place, the Word of God is being taught faithfully and fearlessly by our dedicated students. Souls and being saved; new churches are being planted. Just this week we received news that two of our students planted a new church in the largest city in **Egypt!** What a joy to see the work of the Lord progressing in this part of the world. Thank you for your many prayers.

In May we returned once again to **Jamaica** where I taught *Introduction to Philosophy* to the students at the Fairview Baptist Bible College. What a great group of eager servants! One student told me that in his summer job he will be working alongside several atheists and skeptics. This course thoroughly equipped him to present Christ to these people. Instead of arguing about whether God exists, he learned that the power of God is in the Gospel. Preach Christ! That is what Scripture teaches us to do.

WHAT HAPPENS THIS SUMMER? At the end of June Anna and I fly to the **Philippines**. We will be working at the Word of Life Bible Institute training men and women who will then take the gospel to the nations of **SE Asia**. Filipinos have better access to these difficult places than Americans do. Pray for us and for our students: jet lag and tropical heat are always factors on this trip.

TIME FLIES AGAIN! Anna and I have been serving full-time for over eight years in the overseas training of national pastors and church leaders through **On Target Ministry**. Some of you have been supporting us from Day One! Thank you for your faithfulness and steadfast encouragement. Many more have joined us along the way, thank you for coming alongside us in this unique ministry. It is truly a blessing to have such a loyal support team. Sadly, we have also lost supporters over the years due to extreme illness, job loss, and even "promotion into glory." This is why it is so heartening to us that you are so faithful! We praise God for your generous giving and devoted praying. Thank you all.

Grace and peace,

Doc and Anna Bearss
