Dear Friends of OTM,

Thank you for your love, prayers, and giving. Today, I have something very important to share with you on behalf of our students in Haiti. Thank you in advance for considering this need. The Haiti Bible Institute is in urgent need of your help! God has provided a wonderful opportunity for us to train Haitian national pastors and church leaders at the **Master's Degree** level. These men are pastors of very large churches and leaders in the nation of Haiti. Now that the school is accredited, men of this caliber are coming to us for Bible training. Since we are the only accredited Seminary in Haiti teaching the historic Christian faith, we are now positioned to impact the upper echelons of Haitian society for Christ.

The men in the Master's Program will learn theology at the Seminary level. (We are now calling the school "The Haiti Bible Institute & Theological Seminary" – HBI&TS) The depth of the curriculum will enable these choice students to clearly and accurately preach and teach the Word of God in their churches. They will also become powerful witnesses for Christ in their places of employment. The Gospel of Christ will be advanced like never before. But we need your help to make this program successful.

We also will continue training the pastors in Cohorts 1 and 2. In fact, Cohort 2 has already completed four of their eight modules. Graduation Day is coming in 2016! Then we will be ready to begin training a new group of 20 faithful men in Cohort 3. At the same time, we will continue training the men enrolled in the Master's Degree Program. Needless to say, this is a bold plan, and these advances in our school's outreach require much additional funding. That is why I am asking for your help today.

In 2015, the Haiti Bible Institute will need \$30,000 to fund the two training Modules in February and October. In 2016 and beyond, the annual cost for the two Modules will increase to \$40,000. But when you consider that in 2015 we will be training 50 men, and in 2016, with the addition of Cohort 3, we will be training over 60 men, the total cost of this total program is remarkably low per student. To make all this happen, we are asking churches and individuals to participate in three ways:

1. *Make a donation now to help us pay for the February 2015 Module.*
2. *Make a pledge now to donate in time for the October 2015 Module.*
3. *Add "The Haiti Bible Institute and Theological Seminary" to your annual missions giving starting in 2016. If we can accumulate \$40,000 a year in pledged giving from churches and individuals, the ongoing success and operation of the HBI&TS will be assured.*

**The good news** is that we only need \$5,000 more to pay for the February 2015 Module. Thank you to those who have already given so generously. Please make this pressing need a matter of serious prayer: Ask God to raise up the annual giving we need to help the HBI&TS impact Haiti for Jesus Christ.

Grace and peace,

*Doc and Anna Bearss*

*Help these men spread the Gospel and  
plant new churches in Haiti!*
