Dear Friends of OTM,

It has been a long busy summer, and now we are facing an incredibly busy fall. Thank you for your faithful prayers and continuing support in our work of training national pastors overseas.

PHILIPPINES. In July, Anna and I took our 12th trip to the Philippines. What a blessing it was to once again train the young people who will be the future missionaries to Southeast Asia. The foundational truths in my courses in *Ephesians* and *The Life of Christ* will enable them to clearly present the gospel message to many.

COLOMBIA. In one week, Anna and I will be flying to Colombia to teach a group of pastors who are planting churches in the major cities of this nation. This is a golden opportunity to spread truth to a land darkened by heresy and superstition. On this trip, I will be teaching *The Doctrine of the Holy Spirit*. This is a critical course because there is so much false teaching on this subject. We will return to Colombia again in November for a course in *Church History*.

HAITI. I get emails every week from our Haitian students. They are so anxious for our return! There is a real hunger and thirst for truth among our students, and these pastors can hardly wait for the next module. Twelve of our students are involved in church planting projects. Pray for them as they faithfully proclaim the truth of God's Word and organize new churches.

EGYPT. We will be teaching again in Egypt this fall. Presently there are no safety concerns, so pray that this status of peace and quiet remains for our trip. Also pray for our students coming in from other countries that their border crossings will be uneventful.

NEW OPPORTUNITIES. God is opening new doors for our ministry. We have been contacted about starting new schools in Panama and Bolivia. We also have a new opportunity developing in the Philippines. Anna and I are excited to see how pastors all over the world eagerly desire truth. We would love to accept every opportunity that comes our way. But to do so involves a continual financial commitment. Starting a school means going back to the same group of men over and over. This means there is a constant need for financial assistance. Will you pray about taking ownership of just one of our many ministries? This would be such a big help. **The next page lists the needs.** Make this **your prayer list** and help us financially as God directs you.

Grace and peace,

Doc and Anna Bearss

Helping *On Target Ministry* Worldwide

When we begin a new ministry, we make a commitment to our students. That commitment promises we will return and continue their education until they are fully trained in the doctrines of the Word of God. Just like Paul was able say to Timothy, “*You have fully known my doctrine*” (2 Tim 3:10), we want our students to be fully equipped to serve God.

You could become a major participant in this work my making a financial commitment to help with a particular ministry each year. Here are the opportunities for you to help:
