Dear Friends of On Target Ministry,

In the midst of our busiest fall ever, I am taking a few moments to share with you all the excitement of our recent trip to **Colombia**. God is doing a great work there, truth is being learned and taught, and I am thrilled to be a part of it. I also, want to share a **great need** that we have; and I want to challenge you with a **new vision** for On Target Ministry.

**COLOMBIA** Thirty-five pastors attended my course in the Doctrine of the Holy Spirit. This course was particularly needful since Colombia is largely influenced by charismatics. The practical applications of this doctrine are just what the students needed to combat the lies and false teachings that infect much of the church there. The series was recorded on video, and the school plans to broadcast it into every country in South American and Latin America. They told me that there is much hunger for truth on this subject, and they expect over 100,000 viewers!

**OUR GREAT NEED** The classes at the Haiti Bible Institute and Theological Seminary are set to begin October 21. Many of the students have emailed me expressing their eager anticipation for the courses they will attend. We have 20 students in the Associate's Degree Program, 12 in the Bachelor's Degree Program, and 14 in the Master's Degree Program. The school has come a long way! But with 46 men under instruction, costs have skyrocketed. To pay for this module, we need \$20,000. So far, \$2,500 has been donated by a generous supporter, but the clock is ticking, and we still need the balance by the time we get to Haiti. Please pray for this urgent need, and do all you can to help us with this expense.

**OUR EXPANDED VISION** Next year will be the busiest year in the history of On Target Ministry. I have already scheduled 13 teaching trips to Egypt (1), Jordan (1), Philippines (2), Haiti (2), Colombia (4), and our newest field, Bolivia (3). I have accepted these open doors for ministry by faith that God will provide. The opportunity is so great, and the cause of Christ will be well served as we continue to teach truth to eager national pastors will then teach others. People are being saved, new churches are being established, and believers are growing in the grace and knowledge of our dear Lord and Savior, Jesus Christ. How could I say "no" to such a great invitation?

These trips will essentially double our cost of operations for 2016. But I do not have time to go back "on the road" and raise the additional support we will need. So I am asking for your help. Will you take our need before your churches and ask for support on our behalf? Will you personally commit to sending additional support? 2016 will be a banner year and God will do great and wonderful things through our ministry. Your participation is essential, so please help us. Thank you!

Grace and peace,
