Dear Faithful Friends of On Target Ministry,

First of all, THANK YOU for your prayers and support of On Target Ministry. We have completed 10 years of ministry and are well into our eleventh year. Great things are happening, and we would be delighted if you read this letter and pray about joining us in our new adventure.

It is the beginning of winter in South America—the shortest daylight of the year—and On Target Ministry is set to begin a new initiative into South America to bring the light of truth to this needy continent. We have been teaching in Colombia since 2013 and Bolivia, and now we have an open door to also train pastors from Venezuela, Panama, and Peru. We will need to expand our travel schedule from 9 trips per year to 18 trips per year! *Yes, that is double.* We are excited about these new venues, and I cannot turn down the opportunity to teach such eager students.

To make this a reality, I am coming to you for help. You already support us in one way or another: you read our reports, you pray for us, you give, and some even give on a regular monthly basis. We are so grateful for all this support. To make the new opportunities a reality, however, we need more financial support. This would be a great time for you to ask God if He would be pleased for you to start partnering with us at a new level.

To make the additional teaching trips to South America, **On Target Ministry** is going to need a regular support increase of \$40,000 per year. Therefore, we are introducing our FORTY FAITHFUL FRIENDS INITIATIVE. We need 40 people who are excited about training national pastors in South America to commit to giving \$1,000 per year to On Target Ministry designated for “SOUTH AMERICA” ministry. This amount will ensure that we can meet the financial cost of training hundreds of national pastors. Let me share with you the results you can expect to see.

**First**, we will be training groups of 40-50 men in 5 countries. That’s over 200 church-planting pastors receiving truth 2 or 3 times a year. **Second**, all the courses are broadcast live over the internet. This virtual classroom trains about a thousand people who tune in and audit the course as it is being taught. **Third**, the lectures I teach are edited into hour-long segments and broadcast on local television stations and posted to YouTube. This reaches literally tens of thousands of people! What an amazing opportunity we have to preach Christ to a continent that has been gripped with false religion for over a thousand years.

**Will you be one of our FORTY FAITHFUL FRIENDS who make this vision a reality?** I pray God will lay this need upon your heart, and that you will join us in this great adventure.
