Dear Friends,

STILL SERVING FROM HOME

It is exciting to see how God continues to bless the work of On Target Ministry! We have been quite busy every day developing new courses for Haiti and opening new teaching programs in Colombia. Additionally, we are teaching our courses over the Internet. Every day we pray that God will open the borders in Haiti and Colombia so we can return and teach in person. Haiti looks very promising (*see next story*) and Colombia is getting a full schedule of classes via video.

HAITI: NEXT MODULE LOOKING POSITIVE

We are scheduled to teach the next module in Haiti **September 30 to October 7, 2020**. There is much positive good news that is very encouraging for the upcoming module. American Airlines

has resumed service to Port-au-Prince Airport so we can travel there again.

Pastor Predestin, our National Representative, told me recently that the Coronavirus has not been very bad in Haiti and the students are healthy and looking forward to the classes we plan to teach.

We will need \$20,000 to pay for this module, so please keep that need in prayer; and should God

lay this need on your heart, give! This will be the 22nd Module at the Haiti Bible Institute since its founding in 2009. Three classes have already graduated, and the students we are teaching now (see picture) will graduate next year in October 2021. We have faithful students who are doing amazing work for the cause of Christ in Haiti. Your support is enabling great efforts to reach people with the Gospel and sound Bible teaching. Thank you for your faithfulness in supporting this ministry.

COLOMBIA: CLASSES CONTINUE ON ZOOM

Colombia is still closed to visitors. But the teaching continues by way of Zoom—video conferencing software that allows us to teach using the Internet. While this is not as good as actually being there in person, it does provide us with the ability to teach courses until the day we can once again travel to Medellin, Colombia.

Next week, I will be teaching New Testament Introduction to hundreds of students at all the seminary sites in Colombia. One benefit of Zoom technology is many students can log in from many different locations and view the course as I teach it.

NEEDS: HOW YOU CAN HELP

Regular Donations: We are thankful to God that the pandemic that has closed our country has not closed your hearts to the need of teaching pastors internationally. The giving to On Target Ministry has remained steady, and we are able to continue our work and meet our needs by the grace of God. Thank you all for the timely gifts and the generosity you have shown. It humbles us to see how God faithfully provides for everything we need, often just in the nick of time!

Haiti Bible Institute: The next Module is coming in just eight weeks. We need to raise \$20,000 to pay for this module. Please pray and ask God how you can help us meet this ongoing need. We are very optimistic that God will allow us to travel to Haiti in October to continue to train our HBI students who are doing great things for the cause of Christ. *Mark your donation "Haiti."*

Grace and peace,

Doc & Anna Bearss
